

Quality Policy

i-recruit continually strives to achieve best practice quality processes and procedures in our business activities which is the provision of permanent and temporary recruitment services to both private and Government organisations nationally.

Our aim is to build a bigger and better business by consistently meeting the requirements of our customers and other key stakeholders. To achieve this aim, their expectations, needs and requirements must be identified and met.

We believe that the key to success in this regard is our Compliance management system - which is based on the International quality standard - ISO 9001:2008. Our system ensures that effective controls are consistently applied to our work processes, and provides a record of our quality-related activities.

We are committed to maintaining, and continually improving this system. All employees and suppliers are invited and expected to share in this commitment. We have allocated sufficient resources to ensure that quality remains at the heart of our business.

Any suggestions that may assist us to achieve our aims are welcomed.

Gregory Lindores
(Managing Director)
